AIM: RENE

ReNeuron Group plc
("ReNeuron", the "Group" or the "Company")

Result of General Meeting
and Total Voting Rights

ReNeuron Group plc (AIM: RENE), a UK-based global leader in the development of cell-based therapeutics, announces that, at the General Meeting held earlier today, all resolutions proposed were duly passed by shareholders.

Accordingly, following the passing of the resolutions at the General Meeting, and conditional on First Admission and Second Admission, the Company has raised total gross proceeds of approximately £17.5 million from the Fundraising and has allotted a total of 24,970,381 New Ordinary Shares. Admission of the 5,186,854 EIS/VCT Placing Shares is expected to occur on 14 December 2020 and the remaining 19,783,527 New Ordinary Shares, comprised of the General Placing Shares, Subscription Shares and Open Offer Shares, are expected to be admitted on 15 December 2020.

Following Second Admission on 15 December 2020, the Company's issued ordinary share capital will comprise 56,846,705 Ordinary Shares, none of which are held in treasury. The above figure of 56,846,705 may be used by Shareholders as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the voting rights of the Company under the FCA's Disclosure Guidance and Transparency Rules.

A summary of the voting at the General Meeting will be made available on the Company's website at www.reneuron.com.

About ReNeuron

ReNeuron is a global leader in cell-based therapeutics, harnessing its unique stem cell technologies to develop 'off the shelf' stem cell treatments, without the need for immunosuppressive drugs. The Company's lead cell therapy candidate is in clinical development for the blindness-causing disease, retinitis pigmentosa.

ReNeuron is also advancing its proprietary exosome technology platform as a potential delivery system for drugs that treat diseases of the brain. The Company also has the ability through its conditionally immortalised induced pluripotent stem cell (iPSC) platform to make any tissue cells of choice; in-house programmes are focused on treatments for blood cancers and diabetes.

ReNeuron's shares are traded on the London AIM market under the symbol RENE.L. For further information visit www.reneuron.com

Cautionary statements

This announcement may contain and the Company may make verbal statements containing "forward-looking statements" with respect to certain of the Company's plans and its current goals and expectations relating to its future financial condition, performance, strategic initiatives, objectives and results. Forward-looking statements sometimes use words such as "aim", "anticipate", "target", "expect", "estimate", "intend", "plan", "goal", "believe", "seek", "may", "could", "outlook" or other words of similar meaning.
